CEI Evaluation06/09/2014

Activity Location: NJBy: STATEIdentifier: 001Person: NOMPKSuborganization: Found Violation: NO

NOC Date: Citizen Complaint: NOMultimedia Inspection: NOSampling: NONot Subtitle C: NODay Zero: 06/09/2014Focus Area:

Eval. Notes: Buildings are demolished at this site. The last hazardous waste shipped from this location was March 2014. Hazardous wastes generated from this location was shipped on March 24, 2014 on HW manifest #002405107. I spoke with Tony Chisari, 201-955-7882 , Kearny Building Sub Code Official, Construction Code Office, regarding the previous operation of Jeryl Industrial Park. He stated that since many of the facilities did not have permitted certificates of occupancy (COs), he was not aware of the manufacturing or operations of the previous tenants. He was unaware of any pharmaceutical or plating operations, which may be the explanation for the potassium cyanide waste shipped from this location in March 2014. This was a very old industrial park with numerous tenants throughout the years. There is active cleanup of the soils at this time. Since most of the buildings were demolished and town records are not available. The current property owner of 950 Belleville Turnpike is identified in NJDEP NJEMS database Case # 81720/SRP-PI: 135071 and Activity Reference #: RET130001 owner is Estate of Jerry Turco, Turco Industrial Park, is in the process of conducting a site cleanup of the soils. Letter dated November 13 2013 from Kirstin Hahn, BCA&IN.
